TECHNICAL SKILLS

Languages: Java, HTML, CSS, JavaScript

Frameworks: Bootstrap

Developer Tools: Eclipse, Visual Studio Code, Git, GitHub

PROJECTS

Personal Website | HTML, CSS, ReactJS

Dec. 2021 – Jan. 2021

- Created a personal website from scratch by using my new knowledge of ReactJS.
- Applied UI/UX skills to create a modern looking website with a user friendly experience.
- Made the website mobile responsive so any device can view it with no problem.

Valorant Agents | HTML, CSS, JavaScript

Dec. 2021 – Dec. 2021

- Developed a web app that displays information of the agents from Valorant, a video game.
- Called a third party API that returned all the information of the agents.
- Displayed a specific agent's information if the search query matched the name of an agent.
- Used localStorage to make the last agent searched for as the new default agent that is displayed when the page is refreshed.

Sportfolio | HTML, CSS, Bootstrap, JavaScript, Firebase, Git, GitHub

Sept. 2021 – Dec. 2021

- Worked in a team of three to create a web application that helps athletes with the recruitment process.
- Implemented the ability to upload, edit, or delete a profile picture or video.
- Worked on a simple chat system where a user can talk to another user by generating a chat code.
- Created a chat notification system that displays a modal with the sender's name and chat code to the receiver.

EXPERIENCE

Summer Camp Staff

June 2019 – Aug. 2021

Khalsa Centre

Mission, BC

- Worked in a team to construct a wooden obstacle course.
- Led teams to complete a list of tasks in a short amount of time.
- Learned how to setup and instruct archery to the campers during recreation time.
- Followed strict instructions when belaying campers on the rockwall or on the highropes.
- Stepped in to run a workshop about honesty and selflessness to campers.

Ice Hockey Referee

Nov. 2018 – March 2020

Surrey Minor Hockey Association

Surrey, BC

- Resolved conflicts between the players, coaches, and parents, on and off the ice.
- Communicated with players and coaches to explain situations and decisions made.
- Made quick and confident decisions by using my whistle to indicate a stoppage of play.

EDUCATION

Computer Systems Technology Diploma

Sep. 2021 – Present

British Columbia Institute of Technology

Burnaby, BC

- CGPA: 92%.
- Coursework: Programming Methods, Web Development 1, Applied Mathematics, Business Communications 1, Projects 1, Business Analysis and System Design.
